CALL ON
GEO. F. HUNTER & CO.,
11 Jefferson Street.

Buchanan NO PLACE in the South offers superior advantages to those seeking Manufacturing Sites

than Buchanan. It has all the conditions for Successful Manufacturing. Cheap fuel, cheap and most excellent irons, abundant timber in easy reach, and other raw material at hand. Pipe works, paper mills, furniture and other wood-working establishments. boot and shoe factories, iron and steel rolling mills, stove foundries. woolen and cotton mills, machine shops, will find this the best location in the South.

The facilities for shipment of products are unsurpassed.

It is on two lines of railroads, the Chesapeake and Ohio and the Norfolk and Western, (S. V. R. R.) and the building of two others, the Baltimore and Ohio and Virginia Western seems well assured. It has competing coal; is within easy distance of the New River and Flat Top Cokes; is at the gateway to the magnificent deposits of iron ores of the Upper James; the limestone for the Roanoke furnace is mined here; it has glass sand, and sand for silica brick and foundry purposes at its very door; in a word, is an ideal manufacturing site.

A level tract of four hundred acres of land, lying on both sides of the railroads, and on the James River as well, with just fall enough (twenty-five feet) to give good drainage, has been reserved for manufacturing purposes. Not only are selected sites from this reservation offered free to responsible parties locating manufacturing establishments at Buchanan, but the CENTRAL LAND COMPANY OF BUCHANAN is desirous of investing in such establishments as give promise of success. It is especially anxious to secure New England skill, and the minor industries that have been so successful in New England.

JOS. D. WEEKS,
Vice-President Central Land Company
of Buchanan,
BUCHANAN VIRGINIA

Virginia.

Special bargains in business property on Salem ave., between Jefferson and Henry sts.; rents for \$100 per month. Ask us about this.
